- Russian 

PROFILE

I'm a Junior Front End Developer passionate about coding and working in teams. I excel in delivering innovative solutions using my technical skills and creativity. My area of expertise is in the HTML, CSS, JavaScript and React. I'm also familiar with databases and API's. I constantly learn new technologies to stay up to date with the IT industry. If you need a highly skilled and motivated developer, I would be honoured to bring my expertise to your organisation.

WORK EXPERIENCE

Front End Developer

Beverley Hills Group

02/2023 - 03/2023

- Use React, a popular JavaScript framework, to build reusable UI components and create dynamic user interfaces
- Ensure that web applications are optimized for performance, accessibility, and cross-browser compatibility
- Optimise SEO of the website
- Work on the UI of the new website using HTML, CSS, JavaScript and React
- Work in crossfunctional team

Front End / Full Stack Developer in training

WBS Coding School

08/2022 - 12/2022

- Implement responsive and user-friendly web interfaces using HTML, CSS, and JavaScript, and build dynamic web applications using modern front-end and back-end frameworks, such as React and Next.js
- Work with Figma to translate design mockups into functional web interfaces, ensuring optimal user experiences and accessibility standards are met.
- Develop full-stack web applications using modern front-end frameworks, such as React, and back-end technologies, such as Node.js
- Develop, deploy, and manage web applications on cloud-based platforms such as Netlify
- Use databases such as MySQL, MongoDB, or PostgreSQL to store and retrieve data, and work with APIs to integrate external data sources into web applications
- Continuously learn and stay up-to-date with the latest trends and best practices in full-stack development, and leverage new technologies to improve project delivery and user experiences.
- Leverage communication and collaboration skills to work effectively in team-based environments and drive project success.

Freelance Front End Developer

Freelance

05/2021 - 08/2022

- Learn HTML & CSS
- Learn basic JavaScript
- Learn converting Figma mockups to real Websites
